

Consider

Moments drop by your life from eternity,
savour every one.

Listen to the world,
observe the beauty of it.

Consider,
Consider again,
Consider it, yet again.

So when we speak
we do not babble the first words from our finger tips.
Less is more,
as what we say, can never be unsaid.

Note: part of the lent series, the image is from the web. The words we savour are a measure of us, they construct the reflection of reality the world observes. Choose them carefully.
